

TJA – DELO NA DALJAVO, 8.B ČETRTEK, 09.04.2020

Včeraj ste brali o Lizzie, ki želi na poletni tabor v Kenijo in kaj si o tem mislita njena starša. Danes si bomo ogledali kako povemo, da se bo nekaj v prihodnosti zagotovo zgodilo, da se bo morda zgodilo oziroma, da ne vemo, ali se bo zgodilo ali ne (stopnje verjetnosti v prihodnosti).

1. Za ogrevanje si ogledj rešitve naloge 2b od včeraj:

1. Will it be very hot in Kenya?
e. Yes, it will.
2. Will there be many mosquitoes?
h. Yes, there will.
3. Will Lizzie be able to go clubbing?
d. No, she won't.
4. Will she like the food?
c. She might like it. She might not like it.
5. Will she feel homesick?
f. She might miss her family. She can't be sure.
6. Is Lizzie's mum sure she'll be ill?
a. No, she isn't, but it's possible.
7. What will Lizzie take every day?
i. Some special tablets.
8. What other promises does she make?
g. She'll contact her parents regularly.
9. Will Martin forget about Lizzie?
b. No. He'll write to her every week.

2. RAZMISLI: V čem je razlika med naslednjima stavkoma?

- Lizzie **will contact** her parents regularly.
- Lizzie **might not like** the food.

V katerem od obeh primerov smo prepričani v neko dejanje in v katerem nismo prepričani oziroma ne vemo?

3. V učbeniku na strani 61/ naloga 3 dopolni manjkajoče:

3 Grammar will and might
A How do you say these sentences in your language?

I'll send you lots of emails.
I promise I **won't** forget. **G 15c**
Will in won't uporabljamo za izražanje obljub.

B Complete the explanations.

It'll be very hot in Kenya.
You **probably won't** like the food.
*WILL ali ... + glagol uporabimo, kadar smo prepričani o nečem, kar se bo zgodilo v prihodnosti.
Probably in ... ali ... uporabimo, če nismo popolnoma prepričani.*

Lizzie **might** be ill. They don't know.
She **might not** like it.
MIGHT ali ... + glagol uporabimo, kadar ne vemo, kaj se bo zgodilo. **G 15b, d, 20**

4. Zapiši v zvezek:

Naslov: WILL, PROBABLY WILL, MIGHT

Prepričani.

Glede na to, kako prepričani smo o nečem v prihodnosti, lahko uporabimo naslednje:

- **WILL** – kadar smo zelo prepričani oziroma kadar nekaj obljubimo.

Lizzie will contact her parents regularly (Lizzie bo redno v stiku s starši). – ker je tako obljubila, smo prepričani.

Nismo prepričani.

- **PROBABLY WILL** – kadar nismo popolnoma prepričani.

Lizzie **will probably** miss her boyfriend (Lizzie bo verjetno pogrešala svojega fanta). – nismo popolnoma prepričani.

Lizzie **probably won't** like the food (Lizzie verjetno ne bo všeč hrana). – nismo prepričani.

Pazi na vrstni red → v trdilnih stavkih stoji probably za will, v nikalnih pa pred won't (glej zgoraj).

Ne vemo.

- **MIGHT** – kadar ne vemo

Lizzie might catch malaria. (Lizzie lahko zboli za malarijo). – ne vemo, lahko se zgodi ali pa ne.

5. Bo šlo? Za vajo reši **nalogo 4A** v učbeniku na strani 61. Zapišite tudi **en stavek o tem kaj boste počeli ta teden**, uporabite vse tri oblike (will, probably, might). POŠLJI MI nalogi NA E-MAIL.

'Have a nice day. It will be sunny in the afternoon, I will probably go for a walk and I might do some gardening as well.'
